U.S. Army Garrison Fort Campbell**

The Tennessee Department of Environment and Conservation's (TDEC) Division of Solid Waste Management (DSWM) has made a final decision to issue a hazardous waste management corrective action permit to the U.S. Department of Defense, Army and Commander, U.S. Army Garrison Fort Campbell, Montgomery County, Tennessee, EPA Identification Number: TN5 21 002 0140. The permit was issued on September 29, 2006, and shall remain in effect until September 29, 2016, unless continued, revoked and reissued, or terminated under applicable regulations. This action follows a 45-day public comment period, which ended on September 22, 2006. No comments were received from the public during this comment period. However, comments were received from Fort Campbell and are addressed in the [Response to Comments](#).

The permit (TNHW-130) identifies known solid waste management units (SWMUs) and areas of concern (AOCs) for the Tennessee portion of Fort Campbell. Fort Campbell shall be required to investigate any releases of hazardous waste or hazardous constituents pursuant to this permit, regardless of the time at which waste was placed in a unit, and to take appropriate corrective action for any such releases. In addition to corrective action, under the conditions of this permit, Fort Campbell will also be required to notify of imminent hazards; and as applicable, comply with the requirements developed under land disposal restrictions and organic air emission standards.

This permit is issued under Tennessee Code Annotated, Section 68-212-101 et seq., and Tennessee Rule Chapters 1200-1-11, Hazardous Waste Management.
